

EIGHT MINERS DEAD
AND OTHERS DYINGDESPERATE ATTACK ON DEPUTIES
TIES AT SCOTTTDALE.

Mob Marches On the Dolly House Occupied By the Officers at 3 O'clock In the Morning And Are Met by Three Deadly Volleys—Riot Near Evansville.

SCOTTTDALE, Pa., May 24.—Two thousand miners attacked the dolly house at the Washington Run coal mines in Stickel Hollow at 3 o'clock this morning. The house is the headquarters of the deputies who are guarding the mine. The deputies fired three volleys at a range of fifty yards, the bullets having fearful effect. Swift retreat by the mob revealed the execution that had been done. Last reports say that six of the mob were killed and sixteen wounded, several fatally.

EVANSVILLE, Ind., May 24.—News is received in this city of serious trouble at Little's coal mines at Little's station on the Evansville & Indianapolis railway. Miners from Washington and other mines in Davies and Pike counties, armed with Winchester rifles, marched to Little's mines in the afternoon for the purpose of compelling the force at work at that point to join in the strike. A battle occurred at 5 o'clock between the strikers and those who have continued at work in which two men were killed and five wounded. For some days deputy sheriffs have been stationed as guards at the mines, but they were disarmed and driven away by the strikers. It is expected the militia company from this city will be ordered to the scene.

SHERIFF CALLS FOR TROOPS.

Danville Coal Miners Have Reached a Serious Condition.

DANVILLE, Ill., May 24.—One thousand miners assembled at Ellsworth Park yesterday and started for Mission Ridge with the avowed intention of forcing the men out at work. The strikers were largely composed of foreigners and were armed with clubs, revolvers, and guns. The miners at Mission Fields fled to the woods and hid. The fifty deputies at the mines saw it would be useless to contend with the strikers, and all they did was to order the men to keep off the premises. Several of the deputies as soon as the strikers appeared turned over their guns and joined their ranks. The strikers remained at the scene for several hours, and finding some of the miners exacted from them a pledge that they would quit work and organize. They then returned to the city, reaching here at 7 o'clock. It is reported that two of the miners were dragged from their homes and assaulted, but this is denied by the strikers and the deputies know of no such occurrence. The sheriff is of the opinion that a battalion of the military force of the state will be necessary to preserve the peace and execute the laws.

PANA, Ill., May 24.—An attempt was made last evening to throw the city in darkness by cutting off the water supply of the electric works. Some one broke the connection between the plant and the pumping station, one mile west of town. The miners here are all anxious to work and the authorities are using every endeavor to prevent any disturbance. No trouble is feared before Friday or Saturday.

At midnight Gov. Altgeld telegraphed Sheriff Newton that the facts set forth in his telegram were insufficient to warrant his ordering out the troops, as it did not appear that violence had been offered or that the strikers had committed any depredation.

OHIO AGAINST THE COUNTRY.

Important Decision in the Operators' Conference in Columbus.

COLUMBUS, Ohio, May 24.—From the tenor of yesterday's meeting of the Ohio Coal Operators' association the Ohio men will play the Ohio miners against the balance of the country and await developments of the strike. Over 100 operators took part in the secret caucus, representing the Salineville, Coshocton, Jackson, Hocking, Belmont county, Wheeling & Lake Erie, Cambridge, Palmyra, Tuscarawas and Massillon districts. The outcome of the debate was the appointment of a committee to have supreme control of the mining question as far as Ohio was concerned and to represent the Ohio operators in all negotiations that might be undertaken. The prevailing sentiment was that no action should be taken until it was learned what action the Ohio operators would take and the resolution was therefore tabled. The convention adjourned without taking any action whatever on the question and with the understanding that the individual operators might treat with the miners in their employ as they think best. The sentiment prevailed that eventually the strike would be settled on a basis of 60 cents for Ohio, 69 cents for Pennsylvania and other districts in the same proportion.

INDIANA MEN MEET TO-DAY.

Will Agree Upon a Course Which They Hope Will Be Final.

TERRE HAUTE, Ind., May 24.—The Indiana bituminous operators, who meet here to-day will agree upon a course of action by which they hope to reach a settlement with the men by the end of the month. One of the largest operators in the state expressed the opinion that as soon as the conditions are right the Indiana opera-

tors and miners would get together and reach an agreement five minutes afterward.

BRAZIL, Ind., May 24.—Striking miners formed in groups last evening and visited every slope in the county where men were at work and ordered the employees to quit. They all complied and not a pound of coal is being dug. The mining situation is gloomy and no indications of a settlement are apparent. Quite a number of the miners are in destitute circumstances, and petitions are being circulated throughout the country asking help for the men. The miners also claim their organization is to assist in supplying them with the necessities of life, thus perpetuating the strike.

IN THE THROES OF A FAMINE.

Illinois Citizens Stirred Up Over the Action of Miners.

MORRIS, Ill., May 24.—Work in the mines here is entirely suspended and though most factories here have sufficient coal on hand to run a week or more, should the strike continue longer many men will be thrown out of employment. At a meeting of the miners held yesterday a majority of the men decided not to strike and most of them will go to work to-day. Trouble is now feared by an invasion of a mob from Coal City, and the Morris officials are preparing to protect the men.

DECATUR, Ill., May 24.—The scarcity of coal in Decatur is becoming a serious matter, mainly because of the continued cold weather occasioned by the recent storms. The Decatur miners will not return to work and the mines remain closed. The coal supply at the water works is getting short. The Decatur Coal company will not be able to keep its contracts if the mining trouble remains unsettled.

ALDRIDGE, Ill., May 24.—A committee from the strikers at Spring Valley was at Gilchrist yesterday and at Cable to-day. The 500 miners at Gilchrist will go out if the Cable men do.

Lost Illinois Central Coal Chutes.

LA SALLE, Ill., May 24.—A mob of 300 striking miners took possession of the Illinois Central railroad coal chutes yesterday afternoon and proceeded to empty the contents onto the tracks. The local police were unable to handle the crowd and Sheriff Taylor, who was in Peru, was summoned, and with the aid of a posse of deputies the rioters were dispersed, although the ringleaders succeeded in escaping. The situation here is considered serious, as many of the men are without either supplies or money and looting may be expected among the anarchists, who are responsible for the trouble of the last few days.

Says McBride's Position is False.

MASSILLON, Ohio, May 24.—David Johns of the Ridgeway Burton company says the Massillon operators would make no effort to introduce non-union labor in the mines, but would wait for a settlement with their old men. McBride has assumed a false position, he said, in refusing to make local agreements. Whatever the Columbus conference may decide, Massillon district will stand by its determination to pay the differential no longer. In spite of the efforts of President Debs, the Cleveland, Lorain and Wheeling and the Wheeling and Lake Erie railroads continue to haul West Virginia coal.

Leavenworth Will Keep Miners Out.

LEAVENWORTH, Kan., May 24.—The report that 300 striking miners had arrived in Kansas City on their way to Leavenworth for the purpose of forcing the local miners to quit work stirred up the business men and citizens generally. A mass meeting was called and the sentiment was unanimously in favor of driving the striking miners back by force if necessary in case they attempted to land in the city.

Striking Miners Steal a Train.

CENTRALIA, Ill., May 24.—Seven hundred miners have captured a train on the Illinois Central railroad at Duquoin and have started for Centralia with the intention of closing the mines at this point, which have been working for the last two or three days. They are all armed and there will be trouble of a serious nature when they reach here.

Steel Wage Scale Completed.

CLEVELAND, Ohio, May 24.—The Amalgamated association spent yesterday discussing the wage scale. The steel wage, it is said, has been completed and the iron wage is nearly finished. The scale will probably be adopted without much change.

Ottumwa Nearly Out of Coal.

OTTUMWA, Iowa, May 24.—Unless the coal strike is settled soon the city will run the coal supply nearly out and factories will have to begin to shut down.

For Free Silver and Fiat Money.

WASHINGTON, May 24.—The bi-metallic league yesterday adopted resolutions declaring unalterable opposition to the further issue of interest-bearing bonds, and before casting their votes for congressmen the members of the league will require assurances of adherence to the free coinage of silver and gold at 16 to 1. They declare it the duty of the secretary of the treasury to coin the bullion now in the treasury and to pay interest on the public debt with silver; and demand the issue of \$450,000,000 of non-interest-bearing notes.

Back to the White House.

NORFOLK, Va., May 24.—The presidential party arrived from North Carolina yesterday morning about 9 o'clock and left for Washington at noon.

GROVER C. IS HOME
RUDDY AND SILENT.PRESIDENT AND PARTY BACK
IN WASHINGTON.

The "Divinely Appointed" Refuses to Go On Record As to Senator Gorman's Declaration About Tariff Changes And the Administration—Teller's Ruse Fails.

WASHINGTON, May 24.—The president and party returned to Washington at 11 o'clock this morning. Mr. Cleveland looks ruddy and robust. He refused to make a statement as to his attitude concerning the alterations of the tariff bill in the senate. Especial effort was made to secure a declaration because of Senator Gorman's remark that the changes had been made in accordance with administration ideas. Gorman's speech was the feature of yesterday's session. This speech, replying in a measure to the attacks that had been made upon him, explaining the necessity for the compromise tariff measure and defining the theory upon which the modified bill now before the senate was constructed, attracted intense interest. It was regarded as an exceedingly able exposition of the position of the conservatives.

When the session opened Mr. Kyle introduced a resolution declaring for non-intervention in Hawaiian affairs, which went over until to-day, and then the tariff bill was taken up. Senators Jones and Platt discussed the "T" rail amendment for a time,

SENATOR GORMAN.

after which Senator Gorman, pale from his recent illness, took the floor.

Mr. Gorman rehearsed the difficulties that had confronted the democratic party in dealing with the question of tariff reform. The difficulty was not all in the opposition, but in internal dissension. In answer to the charges by the republicans Mr. Gorman asserted that the bill had been constructed on the democratic theory of a tariff for revenue, with such incidental protection as could be given consistently to the industries of the country. It followed strictly the course marked out by President Cleveland in his letter of acceptance upon which he was re-elected and the democratic party intrusted with full power. If there had been the slightest apprehension in the public mind of a radical overturning of our industrial affairs Mr. Cleveland would not have been re-elected.

"This was not a free trade measure, but it was a longer step for free trade than either the Mills bill or the tariff act of 1883. It was democratic because it reduced taxation to the requirements of the government. It was just, it was wise, it was business-like, it was patriotic, and it was prudent because it did not attempt to ignore facts in carrying out a theory. It was not perfect, but it was the most logical, most fair, most broad, most timely, and would prove to be the most advantageous tariff legislation enacted since the republican party sprang into existence."

Senator Gorman denied that any trust had dictated any part of any schedule of this bill. Justice to Louisiana had required the retention of the sugar bounty.

Upon the subject of the income tax Mr. Gorman said: "In the matter of internal revenue, I may say that, personally, I am in full accord with the sentiments so ably and so eloquently expressed by the senators from New York and New Jersey regarding the income tax. Like them, I consider that it served its purpose as a war tax, and has no fitting place in our fiscal system in a time of peace, but, much as I deplore the fastening of an income tax in any form upon our tariff bill, I can not ignore the fact that a large majority of my democratic colleagues should differ from myself in this matter and are so confident of the soundness of their position that they are willing to subject it to the test of a few years, thus enabling the people to see its actual workings and to pass upon it directly."

Mr. Gorman was applauded from the galleries as he closed, and senators gathered about his desk congratulating him.

Then Mr. Teller arose and announced that in order to make every senator show his colors he would move to lay the tariff bill on the table.

Mr. Teller's motion was like a bombshell. The roll-call was watched with intense interest, curiosity being particularly manifested as to how Messrs. Hill, Irby and Peffer would vote. All three voted against the Teller motion. The democratic line did not show a single gap, and the three avowed populists, Allen, Kyle and Peffer, voted with them. Teller's motion was defeated.

GLADSTONE FEELS
A SURGEON'S KNIFE

OPERATION ON HIS EYE PERFORMED TODAY.

Result Was Very Satisfactory—Patient Rallied At Once—Queen Victoria's Birthday Celebrated In England To-day By the Firing of Cannons and Ringing of Bells.

LONDON, May 24.—Ex-Premier Gladstone endured the long deferred operation on his right eye at 10 o'clock this morning. He came out of it all right and is resting well this afternoon.

This is the queen's birthday and is being celebrated by the ringing of bells and the firing of cannons etc., which began at daylight.

Samoans Ready to Fight.

LONDON, May 24.—A dispatch to the Times from Sidney, N. S. W., says: Advice from Samoa say that the rebels hold a strong position previously occupied by Tamases, and declare that they are prepared to try conclusions with the German warship Falka.

Bourgeois Will Not Try It.

PARIS, May 24.—The cabinet crisis still continues. M. Bourgeois declined to accept the responsibility of forming a ministry, and no one else has thus far been selected for the task.

HASTINGS AT ITS HEAD.

Pennsylvania Republicans Nominate a State Ticket.

HARRISBURG, Pa., May 24.—The republican state convention yesterday nominated for governor by a unanimous vote Gen. Daniel H. Hastings of Center county. The rest of the state ticket was made up as follows: Lieutenant-governor, Walter Lyon; auditor-general, Amos Mylin of Lancaster; secretary of internal affairs, James W. Latta of Philadelphia; congressman-at-large, Galusha A. Grow of Susquehanna and George F. Huff of Westmoreland. The platform adopted is a reaffirmation of well-known republican principles.

FIGHT WITH BANK ROBBERS.

Gang of Looters Meet with Desperate Resistance in Texas.

LONGVIEW, Texas, May 24.—In a battle here yesterday between a band of robbers, who made an attack on and robbed the First National bank, two men were killed, two fatally wounded and two others badly hurt by bullets from the robbers' rifles. The bankers all escaped unhurt, except T. E. Clemmons. The body of the dead robber was identified as that of George Bennett. An armed posse is in pursuit of the other robbers. They secured about \$2,000.

Switchmen Name Salaries.

EVANSVILLE, Ind., May 24.—The switchmen's convention provided salaries as follows: Grand master, \$200 a month; vice-grand master, \$175; grand secretary and treasurer, who also has the duties of the publication of the Switchmen's Journal, \$150. Board of directors (three members), delegates, district organizers, special committees are to be allowed \$5 a day while on duty. The election of officers resulted as follows: M. W. Barrett of Kansas City, grand master; R. R. Farr, Buffalo, N. Y., vice-grand master; J. M. Murphy, secretary, Birmingham, Ala., who will have headquarters in this city. The convention adjourned to meet in Omaha, Neb., in May, 1896.

Another Army Reaches Washington.

WASHINGTON, May 24.—Michael Fitzgerald's detachment of the commonwealth army reached here last evening. Representatives Davis and Taubeneck, who have been making estimates of the Coxeyites on the way to Washington, claim there are 5,000 men tramping or riding on boats and borrowed trains toward the capital. Dispatches state that the industrials have attempted to seize another train on the Northern Pacific railroad west of Helena. Gen. Schofield telegraphed to Gen. Merritt at St. Paul to send troops to the scene to assist the United States marshal.

Powderly Brings Suit for Libel.

SCRANTON, Pa., May 24.—H. B. Martin, a member of the general executive board of the Knights of Labor, was arrested last night for libel. The warrant was issued at the instance of ex-General Master Workman Powderly. Martin gave bail in \$1,000 for trial. Ex-Judge P. P. Smith is Mr. Powderly's counsel.

Indiana Populists to Meet.

INDIANAPOLIS, Ind., May 24.—Populists from all parts of the state began to pour into Indianapolis yesterday for the state convention to-day. A complete state ticket will be nominated.

THE TWO TARIFF BILLS.

Comparison Shown Between Wilson and McKinley Laws.

WASHINGTON, May 24.—The treasury experts have completed their work of calculating the equivalent ad valorem rates of the compromise tariff bill, as compared with the equivalent ad valorem rates of the McKinley law and those of the house bill, which show the following averages on each of the schedules and for each of the two bills and the existing law:

SANDOW TACKLES A LION.

The Beast Refused to Fight, However, and the Encounter Was Rather Tame.

SAN FRANCISCO, May 24.—Over three thousand people assembled at Central park last night to witness a wrestling match between Sandow, "the perfect man," and Col. Daniel E. Boone's tame lion "Commodore." Commodore was muzzled, his paws being incased in big boxing gloves, and he was so handicapped that free action was almost impossible. When Sandow entered the iron cage the lion was lying on all fours and no amount of teasing could get him to stand up or lose his temper. Sandow lifted him from the ground and swung him around and around, but it was of no avail. After ten minutes of this farce the match was given to Sandow.

Damage by Flood Reaches \$5,000,000.

PHILADELPHIA, Pa., May 24.—Careful estimate of the direct loss occasioned by the floods in this state place the amount at \$5,000,000. The damage in Williamsport alone will not fall short of \$1,000,000. The entire tobacco crop of northern Pennsylvania and southwestern New York has been destroyed.

Company Sidetracks Cars.

OMAHA, Neb., May 24.—An attempt was made yesterday near Beckwith, Idaho, to capture a Union Pacific train by fifty commonwealers. The men succeeded in getting on the train, but the cars containing them were sidetracked.

Kelly's Army at Quincy.

QUINCY, Ill., May 24.—Kelly said last night his army would move on to Hannibal at noon to-day. Ten commonwealers were arrested for being drunk and disorderly. The camp has been supplied with provisions.

A Convention for Mason.

MORRISON, Ill., May 24.—The White-side county republican convention was large and enthusiastic. The people are all for W. E. Mason as a candidate for United States Senator.

Breckinridge to Speak at Fulton.

FULTON, Ill., May 24.—The committee on arrangements for the Fourth of July celebration has received a letter from Congressman W. C. P. Breckinridge which practically accepts the invitation to deliver the address.

Alleged Jury Briber Disappears.

INDIANAPOLIS, Ind., May 24.—It is reported that Frank O. Stannard of Lawrence county, indicted and under bonds for offering to sell the jury in the bank case, has disappeared and will forfeit his bond.

Want Black for Illinois Senator.

YORKVILLE, Ill., May 24.—In the democratic county convention yesterday Gen. John C. Black was endorsed for United States senator and John D. Russell for minority candidate for representative.

Bloody Fight in Kentucky.

PIKEVILLE, Ky., May 24.—James Middleton, Sinclair Middleton and R. S. Hackleford were shot and killed in Harlan county yesterday in a fight with Gilbert Saylor, Bert and Noble Hensley.

Trainmen Threaten to Strike.

ST. LOUIS, May 24.—All employees except engineers of the St. Louis division of the Mobile & Ohio have decided not to accept the reduction of 10 per cent in wages to go into effect June 10.

CHARGE WON'T STICK
AGAINST THE HOME.WAUPACA G. A. R. INVESTIGATION
BEARS NO FRUIT.

Charges Preferred At the Janesville Encampment Not Supported By the Facts Brought Out On the Examination—Testimony In Rebuttal Was Not Prolonged.

MILWAUKEE, May 24.—At G. A. R. headquarters this morning the opinion was expressed that the committee which investigated the charges against the Soldiers' home management at Waupaca, will bring in a report exonerating Superintendent Caldwell and his wife from all blame. Pension Agent Woodnorth views the matter in the same light.

"The fact," said he this morning, "that the committee cut short the testimony in rebuttal indicates to my mind that it thought it had enough to balance all complaints. I don't see how the committee can do otherwise than dismiss the charges."

PRESBYTERIANS MAY UNITE.

Significant Incident In Assembly—Southern Delegates Received—Liberal Movement.

SARATOGA, N. Y., May 24.—An echo of the discussion on the theological seminaries was heard at the opening of the Presbyterian general assembly yesterday in a movement led by Elder Logan C. Murray of New York, who asked that his name be enrolled as voting in favor of the report of the majority, which was adopted Tuesday. He was followed by six other commissioners who made the same request. The report of the regular committee of theological seminaries, to whom the annual reports of the seminaries have been sent for consideration, was made the second order for Friday afternoon. It is expected that this report will open up some sharp controversy, particularly in connection with Lane seminary, which asks that it be restored to the full approval and confidence of the church.

The floor was given to Dr. Duffield of New York, chairman of the committee on correspondence, who introduced Rev. Mr. Murkland of Baltimore, as a representative of the Presbyterian alliance and a minister of the southern Presbyterian church. Dr. Murkland spoke at considerable length and was occasionally interrupted by applause. In opening he expressed the hope that the time might soon come when the effort to bring back the southern church like a daughter to the bosom of her mother should be crowned with success.

In replying, the moderator charged Dr. Murkland to take back to his church the special message that the northern church is longing to be one again with the southern church, adding: "It is a crime for us to be separate any longer."

A committee of five was appointed by the moderator to convey the fraternal greetings of the assembly to the Baptist convention now in session in Saratoga. The committee consists of Drs. Duffield, Craig and Rudd, with Elders McDonald and Powell.

Prof. George T. Purves, of Princeton, N. J., read the report of the committee on the work of the board of foreign missions showing the following facts: The last assembly called for work which involved expenditure of \$1,015,000. On account of differences in value in exchange \$995,921 in gold have sufficed for the demands thus made. The receipts for the year amounted to \$843,411, leaving a deficit of over \$150,000. The actual debt of the year is less than \$103,000. Operating expenses have been reduced \$12,000. The women's boards of missions contributed \$324,000, and legacies yielded nearly \$73,000. Under commission by the board 635 missionaries are engaged, with 1,741 native agents. Prof. Purves reviewed the work of the board at length, and Dr. Ellinwood, secretary of the board, spoke in its behalf.

At last night's session the assembly, by a vote of 437 to 115, adopted the majority report of the committee on theological seminaries. The report provides for a committee of fifteen to confer with the seminaries with a view to changing their charters so as to give the assembly greater control of their management.

Sale of Government Building.

WASHINGTON, May 24.—A special meeting of the house appropriation committee has been called to consider the sale of the government Columbian Exposition building to the Chicago Salvage company for a little over three thousand dollars and a telegraphed offer received to-day to resell it to the government for \$25,000.

Breeding Was to Go to Europe.

ST. LOUIS, Mo., May 24.—Dr. J. B. Breeding, now under arrest for forging Wells, Fargo & Co.'s express orders, had in his possession transatlantic tickets for himself and wife and had also foreign passports obtained from Secretary Gresham.

Cannon Ball Freight in the Ditch.

AURORA, Ill., May 24.—The Cannon ball freight on the Chicago, Burlington & Quincy railroad ran through on the open gravel track switch below Aurora at 8:15 last night and went into the ditch. Fireman Ridgely was seriously injured and brakeman Leyhey badly hurt.

IT'S EASY TO TWIST DOCTORS IN COURT.

ASHTON MURDER CASE EVIDENCE RECALLED.

Matters of Expert Testimony Brought Up by Dr. Walter Kempster, Who Was One of the Witnesses Here—Court Should Summon Men for Such Work, He Declares.

Ever since the Ashton case "expert testimony" has been a sore point in Janesville.

A dozen different doctors with seven different theories made the judicious grievance.

Dr. Walter Kempster was one of the experts in the case. He realized the force of public criticism, and now reinforces it with comment of his own. Dr. Kempster has probably given expert testimony in a greater number of and more important cases than any other physician in the city. He explains the evils of the system and suggests the remedy for them as follows:

"There are several defects in the present method of subpoenaing expert witnesses and conducting their examination, which greatly impairs their value. The attorneys for one side of a case usually send to some distant part of a country for a learned and thoroughly trained expert to testify in a case—a man of unquestioned ability and national reputation. Then the lawyers for the opposition, in order to rebut the evidence likely to be given by the genuine expert, go to some local doctor, say Dr. Smith, who has perhaps never given any attention to the class of work that he is required to give his opinion on, and hire him to study upon the case and go into court prepared to knock out the specialist whom we will call Dr. Brown. This overture is usually accompanied by a cash fee or retainer, and the doctor goes to work to 'crum' on the case. He dashes through a lot of works and fills his head with facts he has not digested and does not comprehend. On the witness stand he is brilliant, positive and glib.

Jury Has to Guess.

The expert, who has given years of study to the subject, is much less certain than the other witness when questioned upon those branches of the field that he has not had full experience in. The doctor retained by the opposition knows it all, and although he takes directly the opposite ground that the true expert does, he always makes the better impression with the jury. When sharply questioned under cross-examination he is liable to contradict himself, become entangled, and altogether make a sorry spectacle of himself. If such is the case the jury, who belong to the same town as the physician, and have always regarded him as a learned, upright man—perhaps he is the family physician of some of them, say to themselves, 'Well, if Dr. Smith, whom we know personally becomes so badly befuddled, I don't think we better place much confidence in what this Dr. Brown says, whom we don't know and who lives a thousand miles away. I guess we'll have to take the word of Dr. Smith.' Thus the evidence of Dr. Smith, who has had no practice or experience in the line in which he presumes to give expert testimony, prevails and the real expert is turned down. The papers come out in ridicule of the man who went to pieces, and yet he was the man who was taken as the authority and the public is not well enough informed to make the proper distinction. So the better class of experts, the true experts, are dragged into disrepute along with those who are expert only in name.

Where Hard Names Figure.

Another difficulty is the excessive use of technical phrases, and the lawyers are not free from blame in this respect. Just as the expert is wholly absorbed in a discussion of the case, with his faculties all concentrated in an attempt to give an honest opinion of the case, the opposing council will suddenly interrupt him with the request to name a certain portion of the brain which is no larger than a pea and which has no bearing whatever on the case, but which has a name that takes about two minutes to pronounce. For the moment the witness is nonplused. His attention being so suddenly diverted from the subject in hand, he cannot at once think of the term, and tells the attorney he does not remember. 'What!' the artful lawyer exclaims, 'you do not know the name of one of the most important organs of the brain, the very thing that will you do, may leave the stand,' and the witness leaves the box

Shepp's World's Fair Photograph.

SPECIAL—May 23.

For a short time those who failed to secure regular coupons can get any issue or issues of Shepp's World's Fair Photographed, by presenting one copy of this advertisement, together with 10 cents for each part desired, at the Gazette office. The supply in several numbers is nearly exhausted. Early orders are advisable.

in disgrace. Perhaps the lawyer follows up the question with a series of interrogatories framed with no other purpose than to confuse the witness. The witness is overawed, not at home upon the stand, and he may easily be flustered.

Tripping a Witness.

A frequent artifice is to suddenly ask the witness if he has read a certain book upon insanity. The title is similar to that of a book which has actually been written and sounds familiar, so the witness is very apt, unthinkingly, to answer, 'yes,' whereupon the lawyer will announce that no such work has ever been written, which causes a bad impression. Even in the case of a very bright man I have known this to be the cause of the witness becoming so embarrassed that he could not even remember his own name.

"The remedy I would suggest is this: Have the experts called by the judge and not by the lawyers. Let the court conduct the examination of the witnesses, with the attorneys asking an occasional question for elucidation. In this way none but genuine experts would be called, and they would not be tied to any side and the value of their statements would not be impaired by the question of lawyers, put for the purpose of causing confusion. The system of expert testimony has certainly fallen into disrepute to a large extent, but no class is more to blame for this than the lawyers."

JNO. SCHICKER SIGNS WITH MOLINE

Janesville Pitcher Joins the I-I League—Local Base Ball Folk.

John Schicker will probably not play ball in Janesville again this season, as he yesterday signed a contract with the Rock Island-Moline team in the Illinois-Iowa league, and will soon have to begin his season's work. Mr. Schicker is an exceptionally strong and clever pitcher, and will doubtless surprise some of the clubs before the season is over.

About half of the residents of Madison will be in Janesville Sunday to see their pet base ball nine play the Athletics. Madison is very proud of their nine, the Capital City being a great ball town. The Athletics defeated the team in the last game, but the score was close, and the backers of the nine from the roster town offered to bet money that the thing couldn't be done again. The return game will be played here Sunday, and a special train will bring the visitors and their friends, backers and mascots. Manager McGinley is making arrangements to handle a big crowd.

Games That Are Coming.

The High School Nine, known as 'J. D. Holmes' Hustlers,' will meet the Rockford High School Nine at Athletic Park Saturday afternoon.

The Printers and Cigar Makers nines will meet on the bloody field of Bunker Hill next Saturday afternoon. The game will be called at 4 o'clock, but there is no telling when it will end.

The Moulders challenge the Shoemakers.

The Monterey Unions and the Janesville Lightweights will play at Athletic Park Sunday forenoon.

Tom Morrissey will come down from Madison for the Sunday game. He is now coach for the University team.

Three hundred people are expected down from Madison with the Capital City nine Sunday.

NEW STREETS WANT PAVING.

North Main, West Milwaukee and Academy Are Interested.

Cedar block pavement is not likely to be confined to East Milwaukee, South River and South Main streets this season. Already property owners on North Main streets have sharpened their pencils and are figuring the cost of continuing the work along that street two or three blocks north of Milwaukee street, and the figures do not change their favorable opinion. First and Fifth ward aldermen are not sleeping, but are quietly feeling the pulses of property owners along West Milwaukee and North Academy streets concerning the paving of those streets to the passenger depots. All these proposed improvements meet with favor.

BIG HYDRANT SET DOWN-TOWN.

Four-Way Pipe at the Corner of Bluff and Milwaukee Streets.

Superintendent Mitchell of the water company, is putting in the large four-way fire hydrant at the corner of East Milwaukee and Bluff street, in front of the Hotel London. Four streams can be thrown from this hydrant on any of the buildings in that vicinity. This additional hydrant enables the fire department to concentrate a dozen streams on that corner with very short lines of hose.

BUILD MAIN SEWERS AND SAVE DAMAGE.

LAW SUITS LIKELY FROM POOR DAMAGE.

Surface Water At Main and Racine Streets Makes Trouble—Alderman Child Proposes That the Trunk Lines of the Loweth System Be Built Now.

Third ward aldermen are confronted with an expensive problem.

It brings the question of city sewerage again to the front.

The Oakland avenue and South Main street drainage defects are promising damage suits and the aldermen realize something must be done at once.

Aldermen Winslow and Rich are now studying the Loweth sewerage plans, hoping to find there a remedy for the trouble now brewing near the Racine street crossing of Main. The Loweth sewerage plan contemplates a large brick sewer down Oakland avenue to Main street thence south on Main to Racine and on Racine to the river. This outlet for the drainage complained, is thoroughly satisfactory and would suffice for all time, but the aldermen are fearful of undertaking the job at this time on account of the expense, and are trying to discover some other means to carry off the surface water. They hoped to be able to lay a small tile pipe for this purpose, but property owners down that way and others on the line of the main sewer claim that it will be a waste of money; that in a short time the main sewer will be constructed and the tile will then be thrown away.

Build the Main Sewers.

"I am working up a scheme," put in Alderman Child, of the Second ward, 'which may help you fellows out down in the Third ward, although I believe that is a matter resting wholly with the ward aldermen. I am preparing a resolution to present to the council, having in view the laying of all the main sewers. It may be necessary to borrow money for this purpose. I propose to so arrange details that we can commence the construction of our main sewers at once, doing the work with home labor. We will not require much money at a time, but we can authorize a bond issue of \$50,000 and issue in small amounts as needed. If we can contract so that foreign labor will be excluded and our own men given employment I think it will be the right thing. I may have the papers ready to present at the next meeting. A number of Second ward people want permission to construct private sewers, and people in other sections are asking the same privileges. This must be stopped, or we will never have a sewerage system."

TWO DEATHS IN MAGNOLIA.

Mrs. Mary Hungerford and Miss Emma Drafiel—Work at the Creamery.

MAGNOLIA, May 24—Mrs. Mary Hungerford died Wednesday, May 16, at about 10 o'clock p. m. She had been confined to her bed for three years with a cancer, coming from Minnesota about two months ago to spend her last days with her sister, Mrs. G. G. Letts, of Magnolia, who has done everything for her that it was in her power to do to make her comfortable. The funeral was held at the Advent church at 2 o'clock Sunday afternoon, conducted by Rev. Mr. Hatch. Two of her sons were here to attend the funeral, and her brother from Chicago. After the services she was laid to rest in the West Magnolia cemetery. Miss Emma Drafiel, daughter of William Drafiel, passed away Sunday night, May 20, of brain fever. She was a bright young lady and was loved and respected by all with whom she came in contact. She will be missed by everyone that knew her. George Bahr is still drilling at the creamery. The well is 135 feet deep, with about 100 feet of water, but the soil is sand and the well will be a failure unless they find sand rock, which they expect to very soon. The heavy rains of late have rendered it impossible for the farmers to finish plowing. If it doesn't clear off soon, they will not get through before the first of June. George Acheson's wife and youngest daughter are sick with scarlet fever. Dr. Stair is in attendance. The family are in quarantine and will be looked after by the health officer until all danger is passed. Quarterly meeting services were held here last Sunday. There were not many from abroad, but they had a good meeting. The Lord's Supper was partaken of in the evening.

WILL GO TO THE MADISON BALL

Six Couples From This City Will Attend the Gymnasium Dedication.

Six couples of Janesville young people will go to Madison tomorrow to attend the athletic festival. The new gymnasium and armory will be opened for the first time this evening when Handel's "Messiah" will be rendered by the Madison Choral union, assisted by a number of well known soloists. The formal dedicatory exercises will take place Friday evening. A grand ball in the armory has been arranged for tomorrow evening. Hon. and Mrs. A. O. Wilson are on the reception committee.

Retail Clerks Meeting.

All retail clerks in the city are requested to attend a meeting at the rooms formerly occupied by the Business Men's association in the Phoenix block, Friday evening at 7:30.

COUNCIL TO HEAR PAVING BIDS.

Main Street Proposals To Be Called For This Evening.

A special meeting of the common council has been called for this evening. The special business will be the approval of the plans and specifications for the paving of South Main street, and directing the clerk to advertise for bids for the work to be presented to the council at the regular meeting to be held on Monday evening, June 5. 'By holding a meeting this evening for approval of the plans and specifications of the Main street pavement we can have the work all completed by the Fourth of July. The meeting this evening is only to save time, as we can advertise for bids and let the contract at the same time we let for South River street,' said Alderman Winslow this morning.

WOMAN'S FINGER IN STONE.

Peculiar Petrification Dug Up On Division Street This Morning.

Mr. Haussman, of Chicago, while visiting Dr. Bedford on Division street this morning, picked up a peculiar stone, which closely resembled the little finger of a woman. The stone showed all the joints, and the grocery store geologists who examined it declared promptly that it was a real petrified finger of a human being. Mr. Haussman will take it to Chicago.

BUY A NEW RAILROAD FOR THE C. & N. W. CO.

NEGOTIATIONS FOR A ROUTE INTO EASTERN IOWA.

The Kickapoo Valley & Northern In the Receiver's Hands and Steps Are Being Taken to Secure It For the Chicago & Northwestern—Route From La Crosse.

An extension of the Chicago & Northwestern railroad is probable. The company is negotiating for the purchase of the Kickapoo Valley & Northern. This is a small line in Crawford county, thirty-four miles in length, which connects with the Chicago, Milwaukee & St. Paul railroad at Wauzeka. About three months ago the road passed into the hands of a receiver.

The line now forms a valuable feeder to the Chicago, Milwaukee & St. Paul road, as it runs through a fertile and prosperous farm country. It has a double value to the Northwestern road, which proposes to complete the line through to Tomah. This will give the Chicago & Northwestern road a line running south parallel to the St. Paul line on the west side of the Mississippi river, furnishing direct communications between La Crosse and the southwestern part of the state of Iowa. It opens an entirely new country for the Northwestern. The Northwestern at present runs within five miles of Wauzeka and if the deal is successfully negotiated connections will be made with the Northwestern at Woodman.

1612—Robert Cecil, earl of Salisbury and minister to James I. died.

1707—Karl von Linne (Linnaeus), famous naturalist, born at Rasmal, Sweden; died 1778.

1750—Stephen Girard, eccentric millionaire and philanthropist, born near Bordeaux, France; died in Philadelphia 1831.

1792—George Brydges, Lord Rodney, British naval hero, died.

1795—Silas Wright, governor of and senator from New York, born at Amherst, Mass., died 1847.

1810—Savannah, the first steamer to cross the Atlantic, left Savannah; reached Liverpool in 25 days. On the same day Queen Victoria was born.

1845—The ship Commerce, with emigrants for America, wrecked off Nova Scotia; 100 lives lost.

1871—Massacre of hostages by the Paris communists; several eminent priests, including Darboy, archbishop of Paris, were among the victims.

1875—William Lloyd Garrison, abolitionist and journalist, died in New York; born 1805.

1883—The Brooklyn bridge, the largest suspension bridge in the world, opened to the public.

Nobody doubts that the democratic majority in the house will vote for the repeal of the state bank tax, with a view to the restoration of the old wild-cat currency system. Every thing goes with them that tends in the direction of cheap and dishonest money.

Petitions are very wishy washy concerns when strong work is to be done. Instead of "petitioning" Colonel Breckenridge to withdraw why don't the Kentucky democrats assert their manhood by notifying him that they will not vote for him if he is nominated.

Two or three wide-awake republican aspirants are at work in every congressional district in the state. No wonder in every congressional district which the democrats carried in 1892 by less than 5,000 majority, a republican is most likely to be elected this year.

What a lot of unpleasant facts about democratic senators and "sugar" the Gray investigating committee will be obliged to conceal! Of course the committee can't reveal its findings, because it would hurt the democratic party.

Senator Gorman wiped the sugar off his mouth yesterday and wept syrupy tears. Then he pleaded for an early vote on the tariff. Senator Gorman seems anxious to get that trust schedule off his hands.

Hill's tariff bill will be awaited with interest. The senator doesn't expect to get it passed, but merely expects to prove that the democrats do not dare to vote as they "resolved" in Chicago in 1892.

Louisiana isn't called a protection state, but what a yell does go up from it when its own interests are threatened by free trade.

AS SEEN BY JERE MURPHY.  
Give a Coxeysite a railway train and he will ride to jail.

Senator Hill may be saving his tariff bill as a rider to the appropriation.

For the next twenty days it may be known as the Coxeys movement (limited.)

Up to the time of going to press the faith cure had not proven its efficiency in the treatment of small pox.

The senate will probably push that bribery investigation to the point of ascertaining why the alleged offer of a cash bribe was not accepted.

Mayor Hopkins will be excused for taking his eyes off Zion long enough to notice that Chicago's smallpox epidemic is being allowed to slop into Wisconsin in a mighty un-neighborly manner.

The Presbyterian General Assembly is plenty conservative in the matter of Colonel Breckenridge when it contents itself with refusing to table a resolution approving of the Seventh commandment.

We notice by the esteemed Kaukauna Sun that its editor, who is employed by the federal government to draw a salary for holding a sinecure at Washington, has learned that the administration was entirely right in the little affair of Hawaii.

Senator Gorman has unquestionably rendered service to the trusts, but it will take years for him to gain the

measure of their confidence which Attorney General Olney enjoyed when President Cleveland appointed Mr. Olney to destroy the trusts.—Madison Journal.

It is a Christlike mission that Dr. Stanton Coit devotes his life to—the endeavor to ameliorate the hardships and better the condition of the poor of New York city. of Columbus, O., and was educated at Amherst college and afterward at the University of Berlin. He is now in London.

Priests Who May Have Wives.

Priests of the Armenian branch of the Roman Catholic church are allowed to have wives. They must have married them before they became priests and may not marry while they are actually priests; they must remain apart from them for some days before they celebrate the mass; if the wives die they may not marry again. The Armenian church, except that it recognizes the pope, is a separate organization; it retains its own liturgy and, as indicated above, has its own ecclesiastical laws, which may and do differ from those of the Roman Catholic church.

Seeds Not Saved.

The principal of the division of labor has been carried almost to its ultimate in the matter of floriculture. Not only do many florists confine themselves to a few specialties, but it is a common thing for such florists as cultivate a large variety of plants especially for their flowers not to make any effort to save seeds from year to year, but to buy all their seeds fresh from the seedsmen, who know just when to cure seeds and how to cull and save them against the next year's demand.

## WHEELER STEPS OUT OF THE CONTEST.

WILL NOT BE A CANDIDATE THIS FALL.

H. S. Sloan in the field for the District Attorneyship—Judge R. S. Tutill of Chicago will be the Orator of the Day on the Fourth.

DISTRICT ATTORNEY W. G. WHEELER, whose re-election would have been without opposition had he chosen to make the race, announced today that he would not be a candidate. His action created a boom for H. S. Sloan, who seems very likely to land the prize. Mr. Sloan has been assistant district attorney for the last two years and will be strongly supported in the convention. As yet he is the only candidate in the field, T. S. Nolan, who was mentioned as a probability, having said he would take no part in the canvass.

THERE was good music besides tempting refreshments at the Congregational church last night. Although the weather was not just what would have been chosen for ice cream, the Y. M. C. A. was "boosted" by its friends in cheering fashion. The Orpheus Mandolin club did a liberal part in furnishing attractions and many stayed late to enjoy the melodies.

AMONG the guests at the Galbraith hotel today are C. H. Smith, of Chicago; D. Q. Stark, of Tiffany; Messrs. Robinson and Woodman, Fairfield; Mr. and Mrs. J. H. Teeter, M. M. Murray and F. J. Bird, Clinton; Mrs. Lomb and C. A. Murray, Tomah; William Davis, Chicago; J. F. Murray, Beloit; W. W. and C. S. Hallett, Edgerton and John Hamilton, Johnstown.

MISS STATIA CAMPBELL graduated today from Miss Harlow's school of short hand and type writing. The young lady has acquired a speed of 150 words a minute during two months and eight days. Miss Harlow presented her graduate with a handsome diploma—Freeport Journal.

THE world is full of poor shoe making. We have made our reputation by fighting shy of plunder and attribute our success to this fact. It is impossible to gain the confidence of the people, and hold it, without dealing fairly with them. Becker & Woodruff, on the bridge.

THE first practical effect of the coal shortage that Janesville has seen came in laying off of the Chicago & Milwaukee & St. Paul work train to save fuel. Otto Schicker is the engineer and Charles W. Corson the conductor.

WE at all times show more original styles in artistic high grade foot wear than all the stores in Janesville combined. If you are not aware of this, let us convince you. Becker & Woodruff on the bridge.

J. W. WHITMAN, of the passenger department of the Grand Trunk railway, was in the city a short time this morning enroute east. He has been spending a few days at Lake Koshkonong.

THE prices would sell them without any further assistance. Ask for anything you ever heard of in the furniture line. We're pretty sure to have it. Frank D. Kimball.

ONE of the Dr. McChesney Sanitarium teams made an exciting run on Main street this morning, doing no damage. The runaways were pulled up at the park.

## THEIR WAGON A DRAG ON THE PROHIBS.

"PLATFORM ON WHEELS" AN EXPENSIVE LUXURY.

County Convention to Nominate Delegates to the State Convention Brings Out a Discussion On a Vehicle That Nobody Is Willing to Claim—Campaign Plans Made.

The prohibition wagon, which stood on Park street today, figured in the prohibition convention in the afternoon in the role of a "white elephant."

"The wagon does not belong to the prohibition party of Rock county," said Treasurer W. H. Rogers, in explanation of a verbal report to assume control of the outfit. "The wagon represents an outlay by subscriptions raised in Racine, Walworth, Milwaukee and Rock counties of six hundred dollars, and that is not half the cost. All there is to show for this outlay is the wagon, a harness and the horses. I do not believe the investment will pay the society, and I do not believe we want it. It does not belong to us."

The wagon remained in Park street, and up to 3 o'clock the prohibition party of Rock county had refused to recognize it as their own.

Treasurer Rogers, of Beloit presided at the county convention which opened in the Good Templars hall at 10:30. Secretary Barless kept the records. The principal speakers were Treasurer Rogers, J. C. Plumb, of Milton, George J. Kellogg, of Rock, and Rev. Mr. Hatch, of Beloit. There were less than forty men, women and children present. The time was mostly occupied in talk, although the convention was called to transact business and to select twenty-two delegates to the state convention.

The treasurer's report showed \$1.50 in the treasury. A committee on organization and order of business was appointed at the morning session, and this afternoon a county committee, consisting of one from each town and ward, and one—a chairman—from the county, was selected. This committee is to do the business of the county prohibition party. Five constitute a quorum, and all reports of officers are to be made in writing to this committee.

### MEMORIAL DAY PLANS.

Two General Orders From Commander Charles Viney, of Sargent Post.

All the plans for Memorial day have been made. General orders from Commander Viney, of W. H. Sargent Post give the details. General Order No. 1, signed by Charles Viney, commander, and W. G. Palmer, adjutant, is as follows:

COMRADES:—In accordance with General Order No. 1, department headquarters, we are reminded that the day most sacred to the Grand Army of the Republic, is at hand, the day on which we as comrades commemorate the memory of our dead, and strew flowers over their last resting place. All comrades are requested to meet at Post hall on Memorial day, May 30, at 9 o'clock, a. m., sharp, for the purpose of going to the cemeteries to decorate the graves.

The following comrades are hereby detailed for guides and assistants and will report for duty to the several division superintendents.

First Division—Guide, W. W. Willis; assistant, B. M. Bucklin, S. C. Burnham.

Second Division—Guide, H. B. Sexton; assistants, A. F. Lee, Jerome Howland.

Third Division—Guide, C. E. Bowles; assistants, D. Conger, A. A. Hadley.

Sixth Division—Guide, A. Riley; assistants, John Lawler, A. P. Burnham.

Town of Janesville—J. L. Bear. Town of Center—P. H. Torpey. Mount Zion—J. G. Wray.

Comrades will also meet at Post hall at 7 o'clock the same evening to attend memorial services at the Congregational church, service to commence at 7:30. The programme at the church will be:

G. A. R. ceremony by..... W. H. Sargent Post. Prayer..... Rev. S. P. Wilder. Song..... United Church Choirs. Recitation..... Miss Lou Fenton. Song—Tenting Tonight..... United Church Choirs. Address..... Rev. E. H. Pence. Song..... United Church Choirs. Recitation..... Miss Myra Williams. Song—America, United Church Choirs and two hundred school children.

JANESVILLE WIS. MAY 24, GENERAL ORDER NO. 2. COMRADES: All members of W. H. Sargent Post and all old soldiers are requested to meet at Post Hall Sunday morning May 27, at 9:30 o'clock to attend memorial service at the First M. E. Church. By order of, CHARLES VINEY, Commander.

W. G. PALMER, Adjutant.

R. J. WHITTON HAS SOLD OUT. New Firm Continues the Business At the Same Stand.

All of R. J. Whitton's interests in the Richardson Shoe Company have been transferred to Alex. Richardson, John Robertson and Henry M. Edwards, all of Janesville. The new firm will continue business at the old stand under the name of the Richardson Shoe Company, and have already taken possession of the business. All of the members of the firm are well known and have made many friends during their connection with the Richardson Shoe Company's business. That the business will grow through the infusion of young blood is assured.

### NEW BRICK YARD FOR JANESVILLE

Clay That Makes Exceptionally Fine Red Brick May Be So Utilized.

Janesville will have a new brick manufacturing concern with a capital of \$10,000 if John S. Anderson, the real estate dealer's efforts are fruitful. The cost of the plant will be about \$5,000, and as much more will be required to operate it. The clay bed that will supply the material is located on the Schoof farm about a mile from the city, and is of an exceptionally good quality. The brick made from this bed are of a peculiar quality, there being just enough lime in the clay to make a gloss on the brick. The brick are of a handsome red color and are very hard. Many advantages are claimed for the clay and the land that supplies it. Among them is the fact that the land is high and dry and no drainage will be necessary. Another is that of transportation. The C. & N. W. railroad runs through the property.

"Janesville people pay annually about \$25,000 for brick," said Mr. Anderson this morning. "This money all goes out of town. Here is a good chance to keep some of it at home. I will be glad to explain the project to any interested parties."

### CHILDREN CAN'T DRAW BOOKS.

New Rule Adopted at the Public Library—Restriction on Adults.

At a meeting of the board of directors of the Public Library yesterday, the board established the following new regulations:—"That no child under the age of twelve years shall take a book from the library, under any circumstances; that no book shall be delivered to a child between the age of twelve and fifteen years upon the card of an adult, except upon written order of the adult upon whose card the book may be desired; and that not more than two books shall be drawn by any one person in any one week."

The board of directors hope by these rules to stop much of the destruction of the books of the public library. It is also their intention to enforce rigidly the rules exacting fines from persons in any way mutilating books. These rules may work hardship to many individuals, but the library board believe this to be the only means at hand to crush what has become an outrageous abuse.

### PLANNING A JULY 4 PARADE.

Prizes to Be Given For the Largest Township Delegation of Calathumplans.

Plans were laid last night for a red-hot Fourth of July. The amusement committee met at the Carrington office, B. H. Baldwin being chairman.

The chairman's idea was to offer prizes for the best characters taken. They would appear in the grand parade in the morning and then pass in review before the judges in the afternoon, when the prizes for the best characters would be awarded and appear again in the parade in the evening. In the evening there would be an abundance of fire works.

There will be races of various kinds on the afternoon of the Fourth and the entire day will be filled with enjoyment from sunrise until midnight.

A meeting of the several committees having in charge the celebration will be held at the office of George L. and Sarah H. Carrington tomorrow evening at 8 o'clock. A full report of the finance committee will be made at that time, and the progress made by various other committees will be announced.

### KICKED KRUSE MOST VIOLENTLY.

Bad Bower City Man Resists the Big Officer.

A man without the slightest claim upon Officer Kruse, a man who had never met him socially, and had never even loaned him chewing tobacco, kicked the officer in the stomach last night.

Kruse had been trying moral suasion. He quit instantly.

Dropping argument he resorted to force and "swatted" the insurgent over the head most emphatically. Chief Acheson got around just as the battle was raging and took the offender to jail. Besides the charge of resisting an officer and laying impious hands on the law there may be a complaint filed for wife-beating.

This Is More Like Spring.

Forecast: Fair weather for the next twenty-four hours.

The temperature as recorded by S. C. Burnham & Co. during the last twenty-four hours was as follows: 7 a. m. 54 above 1 p. m. 66 above 4 p. m. 66 above 10 p. m. 50 above Wind, north.

### Important.

Property owners on Main and South River streets, who contemplate using city water or gas should have their services connected with the mains before the pavement is laid. This should be done at once to save expense and to keep the pavement in repair even if the service is not required at present.

No One Night Humbug About Ours.

The anxiety of capitalists to secure the \$55,000 issue of school bonds ordered by the city, is an illustration of the large capital locked up in vaults waiting investment. Letters are being received in nearly every mail, asking information relating to the sale of the bonds by parties who desire to purchase.

"I believe the bonds could have been easily negotiated at four per cent. instead of five per cent. interest," said one of the city officials this morning. "They may be disposed of at premiums that will reduce the interest to four per cent."

### WEDDINGS OF JANESVILLE FOLK.

Proper-Smith.

S. J. Proper, foreman of the Thoroughgood box factory returned to Janesville last night with a bride. At Watertown the ceremony was performed, Rev. G. C. Weiss speaking the words that made Miss Helen C. Smith Mrs. Proper. The ceremony took place at the home of the bride's parents, Mr. and Mrs. John B. Smith. The bride received many beautiful and costly presents. Mr. and Mrs. Proper will make their home with the groom's mother, at No. 3 Fourth avenue for the present.

### Gill-Sutherland.

Dr. Q. O. Sutherland and family and Attorney George G. Sutherland and family went to Madison last evening to witness the marriage of their sister, Miss Anna Sutherland to George Gill, a prominent young business man of the Capital City. Rev. Dr. Updike, of the Madison Congregational church officiated, and the ceremony was witnessed by a large company of invited guests.

### Krueger-Jeahrling.

Wedding bells will ring to-night to mark the marriage of Ferdinand Krueger and Miss Laura Jeahrling, daughter of Captain A. Jeahrling, of Watertown. The wedding will be in St. Paul's church, Rev. C. J. Koerner officiating.

### A Big Purchase.

Those unlaundered shirts which Ziegler is selling for 49 cents each have double reinforced back and front, double yoke shoulder, warranted all linen bosom and good heavy muslin. By purchasing such a quantity Mr. Ziegler got them so he can sell them for 49 cents each. Otherwise they would cost you 75 cents.

### Very Handsome.

One of the finest windows we have seen is that of J. D. Holmes, the tailor man. It was arranged by Milo Thayer and attracts the attention of hundreds as they pass by. The display of goods shows plainly that Mr. Holmes does as he advertises. Those suspenders are dirt cheap.

### The Best Plan.

## PRAISE THE SHAW FOR MANY MERITS.

FAMOUS PIANISTS PRAISE THE  
GAZETTE PRIZE.

Everybody Who Has Examined the Instrument at S. C. Burnham & Co's Says the Things Said in Its Favor Were Justified—Condition of the Contest.

What is thought of the Shaw piano by pianists, vocalists and teachers. This is not hard to find out.

When The Gazette chose an instrument it picked out the best to be had. The girl who wins this instrument may well rejoice. Here are a few statements published in St. Paul papers by those who have used the Shaw:

Oscar L. Lienau, tenor singer and teacher of the voice writes:

ST. PAUL, MINN., AUG. 2, 1892. GENTLEMEN: I am extremely pleased with the Shaw Piano, which I purchased of you. I have used it for some months and consider it a superior instrument. Its clear full tone and elastic touch is a delight not only to myself, but to my many friends, its sweet singing quality being especially noticeable, and I shall be pleased to recommend it to my pupils, etc., I am, yours respectfully,

Oscar L. Lienau.

Frederick Leavitt, the expert piano tuner:

ST. PAUL, MINN., MAY 1, 1892. GENTLEMEN: As compared with other first class instruments, the Shaw piano has the charming characteristics of each—all in one. Not a break in the scale. No rattling in the action. Never harsh or metallic in tone. Stays in tune. Such is my admiration for the piano that I would not trade "even up" for any upright made. My own Shaw has not required any attention during the past year and is in almost perfect tune now. Yours respectfully, FRED. LEAVITT.

Professor William Manner, organist at the Cathedral and leader of the German Mannerchor Singing society says:

ST. PAUL, MINN., MAY 6, 1892. I admire the Shaw Piano very much. Their construction is most excellent, the tone is round, rich and mellow, and altogether I consider them one of the best pianos made today in this country. I can cheerfully recommend them. Respectfully yours,

W. MANNER. Those who wish to learn for themselves the quality of piano offered by the Gazette are urged to visit S. C. Burnham & Co's store. Several patterns of the Shaw are there shown. These instruments rank in the markets of the country just as Chickering, Steinways and Knabes, the four occupying first place. Everybody who has seen the Gazette piano is enthusiastic in its praise. It has a pure ringing tone, and its action is very fine. These qualities are what would be expected of a Shaw piano and The Gazette made no mistake in choosing that instrument.

Friends of contestants show a lively interest in the success of their favorites and votes are coming in rapidly. ### NAPOLEON I.

How the Great Emperor Made His Toilet in the Morning.

One of the most interesting articles found among the recent numerous essays upon the private life of Napoleon is on the toilet of the emperor, which, it appears was a most important matter and regulated down to the smallest details with mathematical precision. When awakened it was Napoleon's custom to glance over the papers while the fires were lit. He was sensitive to cold and a fire was prepared in every room even in mid-summer. Then of distinguished people awaiting an audience he would designate those whom he wished to see after which he would rise and take a hot bath, lasting about an hour. The daily shaving was the next duty. Ordinarily his physician, Corvisart, would be present, chatting and securing favors for his friends. Napoleon's greeting was usually some badinage, such as, "Ah, charlatan! How many patients have you killed this morning?" And the physician would reply in kind. Two valets were necessary for shaving, one holding the basin and another the mirror. The emperor, in a flannel robe de chambre, then covered his face with soap and began to shave. Throwing off his robe, Napoleon was next deluged with eau de cologne and subjected to a thorough scrubbing with a rough brush. The valet then rubbed the whole body with linen rolls saturated with eau de cologne—a custom that Napoleon had acquired in the East. The scrubbing was none of the lightest either, for he would call out from time to time, "Harder—rub harder." When the scrubbing was over the emperor dressed himself. A curious detail of his costume was the religious care with which he kept hung round his neck the little leather envelope, shaped like a heart, which contained the poison that was to liberate him in case of irretrievable reverses of fortune. This poison was prepared after a recipe that Cabanis had given to Condorcet, and after the year 1808 the emperor never undertook a campaign without having his little packet of poison.

### TAX ON DEATH.

Escaped by Smuggling a Corpse From Mexico.

In Mexico, when a foreigner dies and his friends desire to send his body to his native land, the government exacts a tax of \$250 for the privilege of shipping it over the railroad. In 1884 Larry Flaherty, a brakeman, died at Silao, on the Mexican Central. He was a poor fellow. His mother, who lived in Colorado, but who had come on to nurse him, wanted his body shipped home. She couldn't raise the money, and the boys took up a collection, but could only raise \$75. Then Tom Williams, a jovial conductor, put up a scheme to get the body to the States. The funeral was conducted in the usual manner, and poor Larry's body was placed in the ground. Two pesos fixed it with the gravediggers, and they neglected to fill in the grave until after dark. In the interim Larry's body was taken from the coffin and placed in an old sack and carried to an obscure hut, where it was placed in a trunk and taken to the depot. The boys had secured a pass to El Paso for Mrs. Flaherty, and Tom Williams went along to carry out the scheme. At Paso del Norte the trunk was taken to a casa de hospedes, or boarding house, and the corpse was again transferred to the sack. Mrs. Flaherty went to El Paso and secured an undertaker, who, with a plain box in his wagon, drove up the river to a point designated. About 10 o'clock Tom, with his peon cargadero, managed to get across the river without attracting attention. Larry's body was tenderly placed in the box and taken up town to the undertaker's, where it was properly prepared, placed in a casket and shipped to his old home. Tom Williams returned to Silao safely, and was ever afterward known as the "cadaver smuggler of the Rio Grande."

**MOTHERS** and those soon to become mothers, should know that Doctor Pierce's Favorite Prescription is the best of its kind, for it cures all the troubles of pregnancy, and by aiding nature in preparing the system for parturition, thereby "labor" and the period of confinement are greatly shortened. It also promotes the secretion of an abundance of nourishment for the child.

Mrs. DORA A. GUTHRIE, of Oakley, Oregon Co., Tenn., writes: "When I began taking your 'Favorite Prescription,' I was not able to stand on my feet without suffering almost death. Now I do all my housework, washing, cooking, sewing and everything for my family of eight. I am stronger now than I have been in six years. Your 'Favorite Prescription' is the best to take before confinement, or at least it proved so with me. I never suffered as little with any of my children as I did with my last, and she is the healthiest we've got. Have induced several to try 'Favorite Prescription,' and it has proved good for them."

### NOTICE TO CONTRACTORS.

Sealed proposals will be received by the undersigned city clerk of the city of Janesville until June 4, 1894, at 8 o'clock p. m., for furnishing the city with curbing blocks for the ensuing year, ending April 15, 1895.

Said blocks to be sawed and delivered free of delivery as ordered by the street commissioner and shall be from good sound live cedar posts free from bark, rot or other defects and to be of an average of six inches in diameter.

The council reserve the right to reject any and all bids.

By order of the common council,  
GEORGE H. BATES, City Clerk.  
Dated Janesville Wis. May 22 1894.

**AN ORDINANCE** to prevent the obstruction of a part of East and West Milwaukee streets.

The mayor and common council of the city of Janesville do hereby enact and ordain, that

Section 1. No person shall at any time hitch or fasten or leave standing any horse, or other animal upon that part of East and West Milwaukee streets lying between the west end of the postoffice building and the west side of Main street.

Section 2. Any person who shall violate any of the provisions of this ordinance shall pay a penalty of not more than twenty-five dollars nor less than one dollar.

Section 3. This ordinance shall take effect and be in force from and after its passage and publication, which publication shall be for three successive days.

Approved,  
JOHN THOROUGHGOOD, Mayor.  
Passed May 21, 1894.  
GEO. H. BATES, City Clerk.

### NOTICE TO CONTRACTORS!

Notice is hereby given that at a regular meeting of the common council of the city of Janesville to be held June 4, 1894, at 8 o'clock p. m., said council will proceed to act in relation to the work mentioned in the foregoing specifications, the work to be completed by July 25, 1894. Until the time of meeting of the council sealed proposals for the performance of said work will be received by the city clerk. The council reserves the right to reject any and all bids. By order of the common council.

GEO. H. BATES, City Clerk.  
Dated Janesville, Wis., May 22, 1894.

### SPECIFICATIONS.

Specifications for grading, curbing and paving that portion of South River street, in the city of Janesville between the southerly line of West Milwaukee street and the northerly line of Pleasant street.

#### GRADING.

Said street shall be graded so as to bring its surface at a uniform depth of eleven inches below the established grade of the same and in doing said grading, the earth is to be scooped off to the required depth, so as not to loosen the soil below.

Also in all places in said street where trenching has been done for water gas or sewer pipes or connections of any kind, such place shall be made firm and secure against unequal settling.

If any filling is done in bringing said street to this grade it must be done with sand or gravel free from perishable material and be well settled to the pavement above, it shall be thoroughly rolled or tamped to make it secure against any settling; which having been done a ballasting of at least four inches of clear sand or fine gravel shall be spread in such a manner, that the sub-grade of said street shall be uniformly eight inches below the established grade thereof; said ballasting to be well rolled or tamped so as to make it firm.

The cross section of said street, from gutter to gutter being shaped so as to form a segment of a circle, having a rise of one foot for its ordinate at the center of said street.

The grading of said street and the ballasting thereof shall be done under the directions of and to the satisfaction of a special committee appointed by the mayor of said city.

All material excavated over and above what is used in embankment shall be deposited by the contractor beyond the bounds of said street without extra charge.

The work shall be carried on in such a manner so as to impede and obstruct traffic on said street as little as possible; and yet be consistent with the speedy and economical completion of said work.

#### CURBING.

The curbing is to be of good, durable, Waukesha limestone, free from seams, cracks or other defects.

Each stone shall be not less than three feet long, twenty four inches wide, and four inches thick.

The top of said curbstone is to be dressed to a true line and the face to a depth of ten inches; and the ends of each stone to a depth of fifteen inches, so that close joints shall be formed.

Said stones are to be firmly set on their edges to conform to the alignment and grade given by the above mentioned committee and are to be laid on a bed of fine gravel at least six inches thick, well tamped and to be thoroughly packed with sand or fine gravel at least six inches in width at their backs.

Provided however, that any curbing now upon said street, that shall in the judgment of said committee substantially comply with the above requirements, shall be permitted to remain in place, or be reset, if the alignment of the street shall so require.

#### PAVING.

Between the curbing on either side of said street and resting upon the flooring above specified shall be a paving of cedar blocks, which shall form the road bed of said street.

Said blocks shall have a uniform length of six inches, sawed from good, sound, dry cedar posts, of from four to ten inches in diameter free from bark, rot and other defects; they are to be placed on their ends upon the flooring, in close contact with each other, and to be kept well driven up so as to form close joints, and a firm road bed.

During the progress of laying the paving, blocks of different diameters must be arranged and placed with reference to each other, as to leave the smallest practical space between the blocks.

Spaces approaching a square form must be avoided, and no split blocks of less than three inches in diameter will be allowed.

All spaces between the blocks are to be filled with screened gravel of a quality, size and screening satisfactory to the special committee heretofore mentioned. The same to be thoroughly tamped with proper tools until solid, and refilled and retamped until the spaces have been completely filled with firm and solidly tamped gravel; the whole work to be done under the supervision and to the satisfaction of said above mentioned committee.

After the filling shall have been completed, the top surface of the paving shall be swept off with a coarse broom, and left uncovered until it has been inspected by the special committee, above mentioned. After such inspection and acceptance, the paving shall be covered with fine screened gravel to a depth of one inch.

#### CROSS WALKS.

At the intersection of Dodge street and said River street there shall be four cross-walks, which shall be made by raising the pavement in the usual manner, three inches rise in the center of the walk; the same to be twelve feet wide and constructed that the crown will be even and of such grade as directed by said above mentioned committee.

The street upon its completion shall be left free from rubbish and impediments of all kinds. That portion of said street adjacent to and adjoining the improvement, and those portions of cross streets adjoining the same shall be left in as good condition, as just preceding the commencement of the work herein specified.

All connections of the pavement with the sewerage, gas or water opening, shall be substantially and properly made, and the street upon completion shall have a uniform smooth surface, conforming to the final grade and crown of said street, and it shall be left by the contractor in perfect order and condition.

It is expressly understood that the contractor shall be held liable to any and every claim in account of injury to said street, by reason of rains or otherwise during the progress of the work herein specified; or before the same has been completed and accepted as herein stated.

It is expressly understood that the price per square yard named in the contract for paving said street, shall cover the whole cost of grading, furnishing, preparing and laying the floor and paving blocks as herein specified and contemplated; and that the price per lineal foot named in the contract for curbing, shall cover the whole cost thereof, including the taking up and removing of old curbing, where required, and the furnishing, placing, setting and properly securing in position new curbing as herein specified. No extra allowance whatever will be made.

These specifications are hereby declared and understood to be a part of the contract for grading, curbing and paving said street, and doing all the work in reference thereto so far as the same are included in said specifications.

O. G. BLACKBURN,  
City Engineer.

## HOWE'S DREAM.

It Resulted in the Invention of the Sewing Machine.

James M. Howe, formerly a resident of Springfield, Mass., and now of Chicago, is a descendant of Elias Howe, the inventor of the sewing machine. He recently related a curious incident concerning his relative's struggle for success.

"Elias Howe almost begged himself," said he, "before he discovered where the eye of the needle of a sewing machine should be located. It is probable that there are few persons who know how it came about. His original idea was to follow the model of the ordinary needle and have the eye at the heel. It never occurred to him that it should be placed near the point, and he might have failed altogether if he had not dreamed he was building a sewing machine for a strange country. Just as in his actual waking experience, he was perplexed about the needle's eye. He thought the king gave him twenty-four hours to complete the machine and make it sew. If not finished at that time death was to be the punishment."

"Howe worked and worked, and puzzled and puzzled, and finally gave it up. Then he thought that he was taken out to be executed. He noticed that the warriors carried spears that were pierced at the head. Instantly came the solution of the difficulty, and while the inventor was begging for time he awoke. It was 4 o'clock in the morning. He jumped out of bed, ran to his shop, and by 9 o'clock a needle with an eye at the point had been rudely formed. After that it was easy."

## GROWING TALL.

Singular Effect of a Malady on a Massachusetts Man.

William Griffin, aged 25 years, a resident of Weymouth, is afflicted with a malady that makes him a puzzle to physicians. Three years ago he showed symptoms of pulmonary consumption. He went to Nantasket as a hotel clerk for the summer and grew fat on it. During the winter he was taken ill again and Dr. Tinkham was called. The young man at that time had all the appearances of being in the first stages of consumption, but upon an examination it was found that his lungs were sound.

Dr. Tinkham then called Dr. Sheehan, who also found that Griffin's lungs were not affected. The medical men were unable to locate the disease, and the patient continued to decline. He has kept in the house nearly all the time since, except on some fine days, when he has walked out. For a year past he has not changed any, either for better or worse, and his ailment appears to be at a standstill. When he was first taken ill his height was about five feet ten inches, and at the present time he is six feet three inches tall.

## BRILLIANTS.

Folly is the poverty of the mind. Who teaches often learns himself. Where reason rules appetite obeys. There is no medicine against death. Say well is good, but do well is better.

The greatest learning is to be seen in the greatest plainness. If you make money your God, it will plague like the devil.

Custom may lead a man into many errors, but it justifies none. The timid and weak are the most revengeful and implacable.

Antiquity cannot privilege an error, nor novelty prejudice a truth.

If youth knew what age would crave, it would both get and save.

The reproaches of a friend should be strictly just and not too frequent.

The trials of life are the tests which ascertain how much good there is in us.

Indolence is a stream which flows slowly on, but yet undermines the foundation of every virtue.

In prosperity it is the easiest of all things to find a friend; in adversity it is of all things the most difficult.

I have always said that the greatest object in education is to accustom a young man gradually to be his own master.

Some people claim to be trusting God to save their souls who appear to be afraid to trust Him with very much of their money.

## Tossing on the "Briny"

Is very far from amusing, untraveled reader, I so be you are one. A rebellion fomented by each mountainous wave that smites the vessel's hull threatens absolutely to dislodge your very vitals from their natural resting place, and a nausea so frightful that it would reconcile you to a termination of the voyage of travel by shipwreck before this crisis, if you are provided with Hostetter's Stomach Bitters, a swift remedy for and preventive of the nausea of travelers by sea or land, nervousness caused by the vibration of the screw of a steamer or the jarring of a railway train, and an antidote to bowel, liver and stomach troubles caused by impure water and unaccustomed food. The Bitters also, counteracts the effects of a fatigue and exposure, and is a safeguard against malaria, rheumatism and kidney trouble.

## Are You Getting Bald?

If you are becoming bald or should your hair be falling out, you should at once consult a first class specialist, one who has had years of experience in training the hair. Or if your beard should be falling out or should nature have slighted you, you owe it to yourself to attend to it at once. Professor Birkholz, the well known hair specialist, 1011 Masonic Temple, where he may be consulted free of charge and in private. After a thorough examination, which will cost you nothing, he will explain your case, and should you be satisfied, he will treat you upon a guarantee to cure or ask no pay. Call or write Professor Birkholz, 1011 Masonic Temple Chicago.

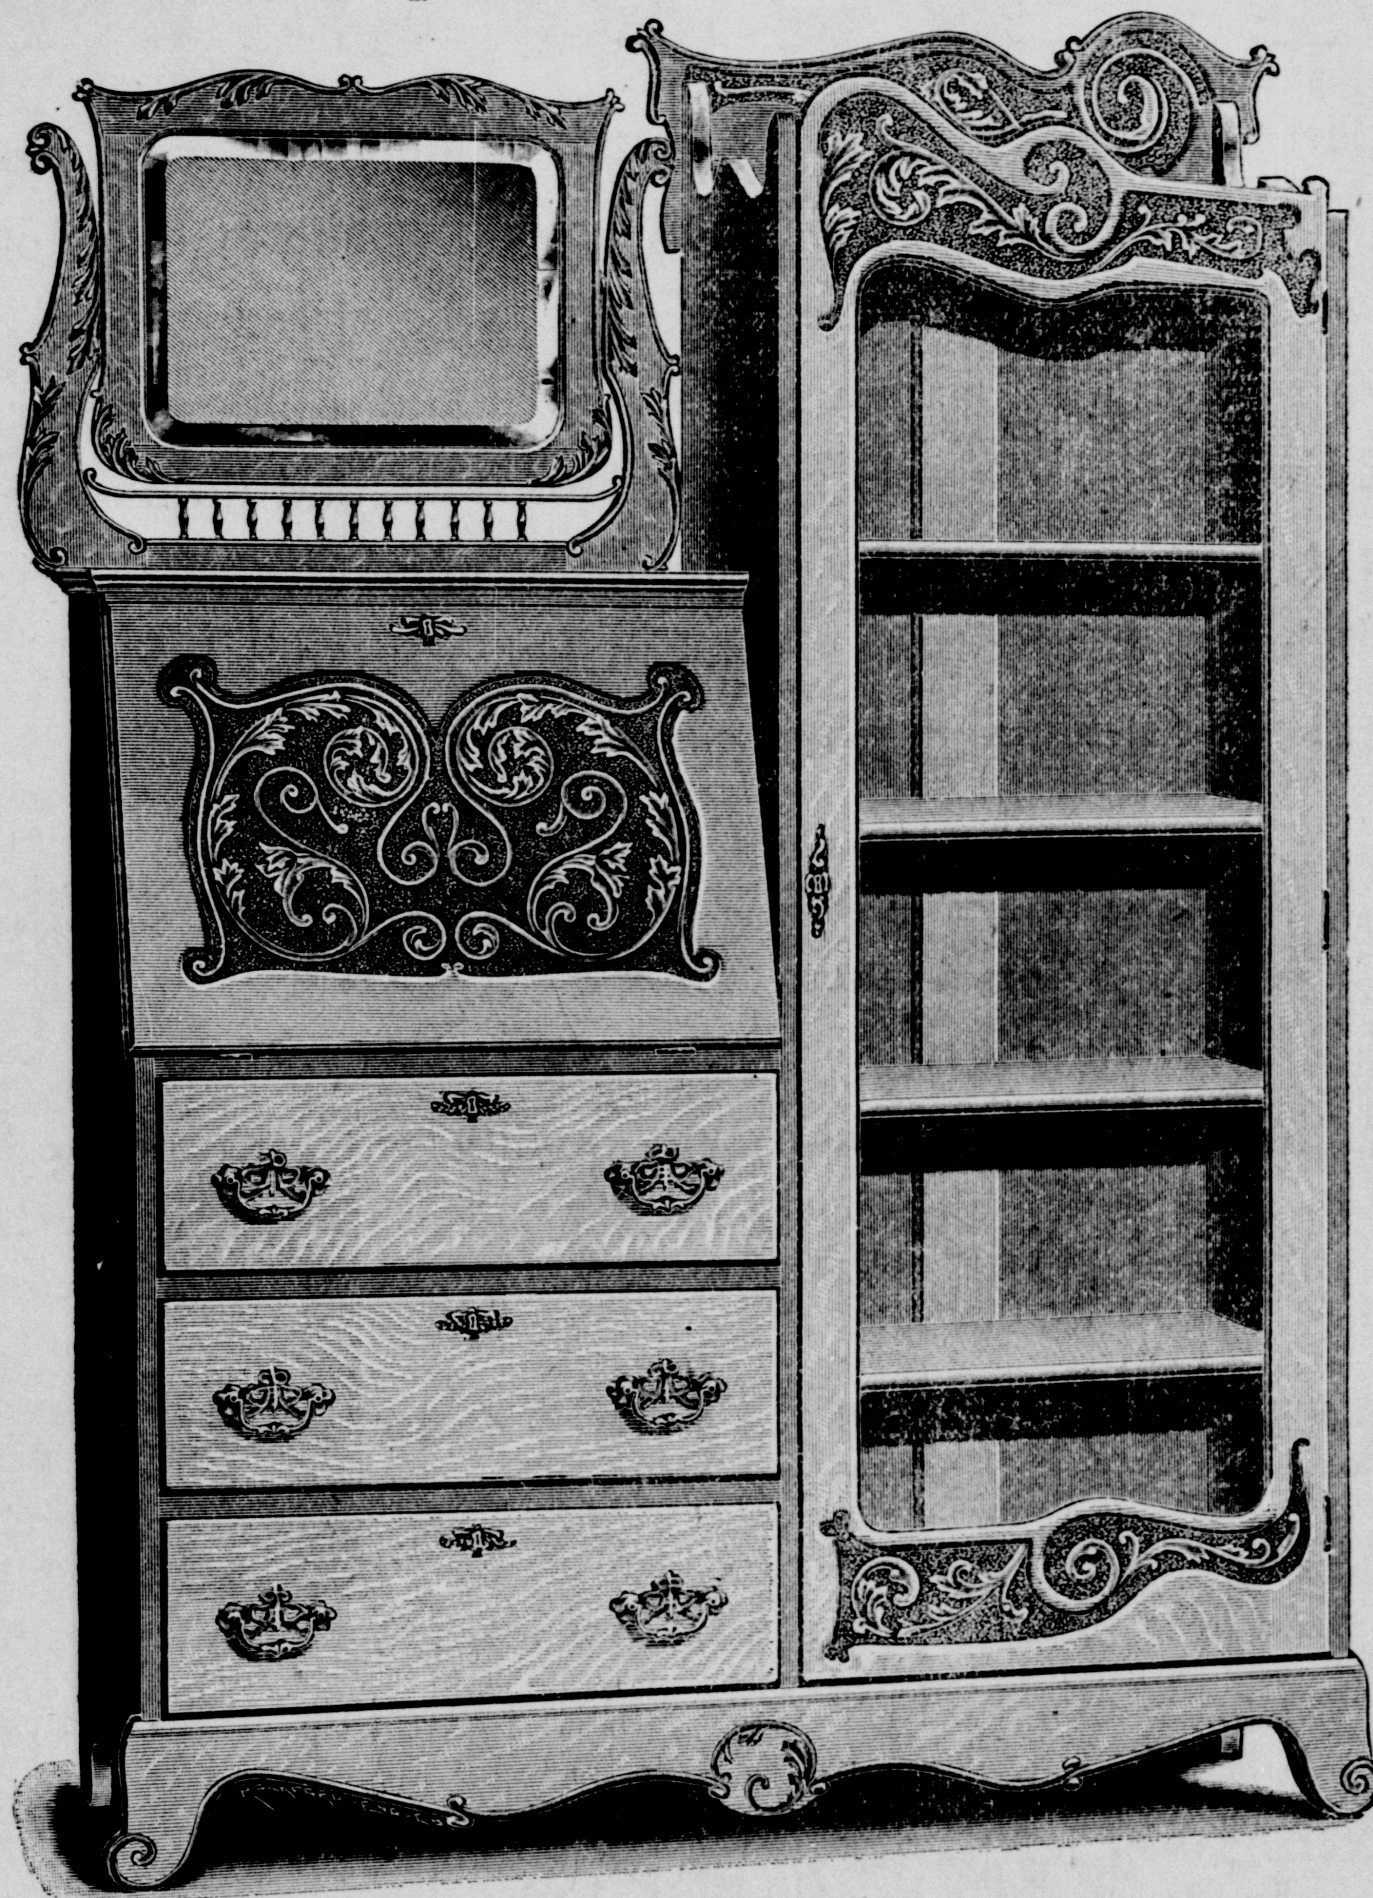

Hand this notice to any first class druggist and he will get the remedy for you at once, if he has not got it in stock.

## A FAMOUS RESORT

Hot Springs, Garland county, Arkansas, has been a resort for invalids since the first cabin was built there in 1809. Legend identifies these springs with the "Fountain of Youth" of Ponce de Leon. The town and springs are on a reserve of four sections, set aside by congress in 1892.

There are 71 springs in number with a total discharge of 335 gallons per minute. The well known efficacy of the water in the treatment of chronic cases of the skin, joints, and mucous membranes is due without doubt to their temperature and not to their mineral constituents. The waters are no doubt beneficial in the cases of neuralgia and rheumatism, but the great remedy, Sanspareil, sold in Janesville, by all druggists, is guaranteed to produce more favorable results. Don't experiment with inferior remedies. Try Sanspareil for rheumatism, neuralgia, headache, tumors, wens, goitre, sprains, sore throat, inflammation of the bowels, etc.

## CAUTION.—If a dealer offers W. L. Douglas shoes at a reduced price, or says he has them without name stamped on bottom, put him down as a fraud.

## W. L. DOUGLAS \$3 SHOE

**W. L. DOUGLAS** Shoes are stylish, easy fitting, and give better satisfaction at the prices advertised than any other make. Try one pair and be convinced. The stamping of W. L. Douglas name and price on the bottom, which guarantees their value, saves thousands of dollars annually to those who wear them. Dealers who push the sale of W. L. Douglas Shoes gain customers, which helps to increase the sales on their full line of goods. They can afford to sell at a less profit, and we believe you can save money by buying all your footwear of the dealer advertised below. Catalogue free upon application. Address: **W. L. DOUGLAS, Brockton, Mass.** Sold by **BROWN BROS.**

**STATE OF WISCONSIN, COUNTY COURT, ROCK COUNTY.**  
In the matter of the estate of William Wilson, deceased, in probate.  
On reading and filing the petition of W. H. Johnson administrator, with will annexed of the estate of Wm. Wilson, deceased, representing another other things that said deceased died seized of certain real estate therein described, and that it is necessary to sell or incur the same to pay the debts of said deceased and praying for license to sell a portion of the same, and, it appearing to the court that the personal estate in the hands of said administrator is insufficient to pay the debts of the said deceased, and that it is necessary to sell or incur a portion of said estate for that purpose.  
It is ordered that said petition be heard at the regular term of said county court, to be held in and for said county at the court house in the city of Janesville, on the first Tuesday (being the fifth day of June A. D., 1894, at 9 o'clock a.m.).  
It is further ordered, that this order be published at least three successive weeks before said day, for the hearing of said petition in the Janesville Daily Gazette, a daily newspaper published at the city of Janesville, in said county, and that a copy thereof be served personally on Francis Wilson of the village of Evansville in said county and on all persons interested in the said estate, and residing in this county at least twenty days before said day.  
Dated May 11, 1894.  
By the Court,  
**J. W. SALE,**  
County Judge.

# ZIEGLER'S

Is the Spot. The bright and shining north star. The magnet that draws the economical, industrious, thrifty cash paying person within our gates. To such Ziegler always says: "Keep a tight hold on your pocket-book while running the gauntlet of 'time-payment,' 'pay as you please,' 'fake' and other 'wheedling' stores." Merit and cash only seek to win at Ziegler's. To get credit and pay the Dutchman's 1 per cent, all you want is a little feather in your hat and a little powder on your face and you are fixed. Ziegler don't row in such a boat. His motto is; "Buy for cash, sell for cash, and do business on truthful and mercantile lines. Ziegler proposes for the next three days to emblazon his name on the memories of the citizens of Janesville and vicinity more than ever before. Read the lines below. Look at the show window. Examine the shirts, compare the prices, and if you don't at once become a convert to Ziegler, you don't know the value of goods.

## BORT, BAILEY & COMPANY.

A lady said to us the other day, "I think you are mean to cut prices the way you do and bust the other merchants business." That remark has worried us and we don't believe her view of the case is just. We want to ask the forty odd thousand people in Rock Co. ---what you think about it? If a man pays a hundred cents on the dollar to his creditors and buys every dollar's worth of his stock for cash--- hasn't he the right to sell it for whatever price he pleases?

Does the mechanic who today is working on half time and has a family to cloth, think it is mean business?

Does the factory girl, who today is only earning \$4, when she used to earn \$8, think it is mean?

Does the farmer, who is only getting about half price for his produce, think it is mean business?

## NO IT IS NOT MEAN BUSINESS.

We realize that the time has come in business when the merchant who buys for cash, sells for cash, and does business on the closest living margin will be the successful merchant and we are going to keep giving the people splendid bargains every day even if a few ladies do think it is mean to cut prices.

### HERE ARE THREE OF OUR LATEST PURCHASES.

50 Dozen Ladies Ribbed Vests at 5 Cents Each. 80 Dozen Child's Black Ribbed Hose 12 1-2c worth 20c.

30 Dozen Ladies Shirt Waists Worth 75 cents at 50 cents.

They are bargains; everyone of them. We want the trade of the people, we want the poor man's trade, we want the rich man's trade. We will use you all alike and give you all full value every time.
